REQUEST FOR ENGINEERING SERVICES

**ALL-C.R. 11-4.54
FT. AMANDA ROAD & BUCKEYE ROAD ROUNDABOUT
PID NO. 121962**

Using a qualifications-based selection process, the Allen County Engineer will be selecting an engineering firm to prepare construction contract plans, right-of-way plans and environmental studies for the construction of a roundabout at the Ft. Amanda Road / Buckeye Road intersection in Shawnee Township.

Proposed Facility: Construction of a roundabout at the existing intersection of C.R. 11 (Ft. Amanda Road) and C.R. 123 (Buckeye Road); provide pedestrian access from the existing shared-use path across the roundabout; and install solar rectangular rapid flashing beacons (RRFB's) at the existing crossing of the shared-use path at Ft. Amanda road west of the proposed roundabout location. Construction of the roundabout shall be part-width.

Project Length: Approximately 0.25 miles (as far as needed for roundabout approaches)

Construction Cost: \$1,903,500 (Federal Safety HSIP Funding for FY 2027)

Engineering firms interested in being considered for this selection must submit four (4) copies of a Letter of Interest to the Allen County Engineer, 1501 North Sugar Street, Lima, Ohio 45801 prior to 3:00 PM on Monday, March 17, 2025. Technical or scope of services questions can be emailed to Mark Droll at mdroll@allencountyohio.com. Complete Letter of Interest requirements are located on our website at www.allencountyohengineer.com/engconsultants/.
